Offer must be mentioned at account opening to qualify. Refer to the bottom of the bank's promotions page for the full details.

## Checking Account Options

MidFirst Bank offers several types of checking accounts. You can compare them in this MidFirst checking comparison table. One noteworthy checking account is the bank's iManage eChecking. It's a reward checking account with a 2.02% APY for balances up to \$ 20K (as of 12/05/2011). It has the typical reward checking requirements. However, it's a free account with no monthly service fees regardless of meeting these requirements.

The bank also offers a typical free checking account with no monthly service fees.

## Branch Locations

It appears a branch visit is required to open an account. MidFirst Bank branches are located in the Phoenix metro area of Arizona and in several cities of Oklahoma including Yukon, Oklahoma City, Shawnee and Tulsa.
